Thinking of eloping and wanting to keep the planning as stress free as possible while not compromising quality? Travelshoot offers a unique small wedding/elopement package in selected popular destinations to capture the memories of the day.

We believe travel memories deserve more and offer a unique experience preserving the best of your travels.

# 7 SIMPLE REASONS WHY

## **Extraordinary Memories**

When the holiday is over, photos are the ultimate memory

## **Local Knowledge**

Selfie sticks and camera phones are great but nothing compares to professional shots by a local photographer who knows exactly where to go to capture the best angles

## **Everyone in the frame**

No taking turns on who misses out

## **Time with a local**

Our photographers love their city so it's a chance to explore a local's hometown in a unique and authentic way

## **High Resolution**

All images are professionally edited and provided in high resolution digital format

## **Fast Delivery**

Samples in 48 hours and the full album provided in 7 days post Travelshoot. All photos provided in an online private gallery to download

## **It's about having fun!**

Travelshoots are not about trying to be a supermodel or cheesy tourists snaps, it's about having fun whilst exploring a new city and in the process getting some natural, candid shots unlike anything you could capture yourself!

# HOW IT WORKS

**1.**

## **Booking a Travelshoot**

Simply choose your preferred destination, date of travel and book.

Once confirmed, we'll ask a few additional questions to pair you with the best photographer to shoot your requirements.

**3.**

## **Travelshoot day**

The photographer will meet you at the designated meeting point ready to guide you around their home city for a fun shoot!

It's about being natural (no cheesy posing) and having fun with the experience.

**2.**

## **Meet photographer**

Once booked, you are connected with one of Travelshoots trusted local photographers and can chat directly with them & the Travelshoot team leading up to the shoot via our online portal.

We send the photographers profile including sample images as well as an itinerary containing all the details needed before the Travelshoot day.

**4.**

## **See your images!**

No one likes waiting – so within 48 hours you will receive a couple of sneak peeks from the shoot and then within 7 days you'll receive the entire Travelshoot album.

Images will be available in an online, private gallery to download.
